From childhood, I've been captivated by design, a passion that now drives my career as a Frontend Developer. My journey from doodling interface ideas to crafting user-centric web designs stems from a lifelong fascination with creating visually compelling digital experiences. Combining this passion with my Computer Science background enables me to translate concepts into captivating interfaces.

EDUCATION

Master's degree in Systems, Networks and Cloud Computing

Faculty of Sciences, Sfax

09/2024 - Present

Bachelor's degree in Computer Science (Software Engineering)

Faculty of Sciences, Sfax

09/2021 - 06/2023

High school diploma in Technical Sciences IBN ABI DHIEF

09/2020 - 08/2020

PROFESSIONAL EXPERIENCE

React Frontend Developer Asteroidea

12/2023 - 02/2024

Ben Arous
